

Mod. for Opera, knob-key with occupancy indicator

Characteristics

- To be used only in combination with the Opera panic-exit lock for which it has been designed and manufactured.
- Brass cylinder with flat reversible nickel silver key.
- Security class 4 (UNI 9570).
- 7 tumblers and counter-tumblers made of hardened stainless steel.
- 3 keys.
- Equipped with incorporated occupancy indicator.
- The thumbturn guarantees the fail-proof operation of the panic-exit device.
- Manager key, complete rotation

NB. • The service and management keys must be ordered separately in multiples of 3.
