

# GENIUS 18 and 20 mm rebate

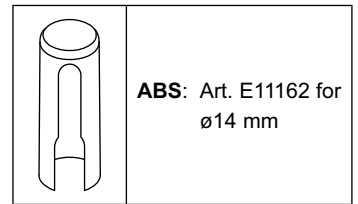

### Description

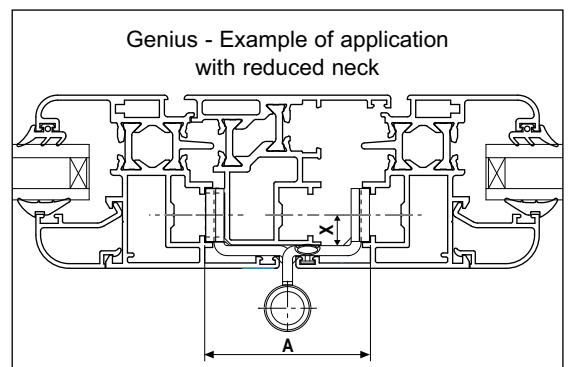

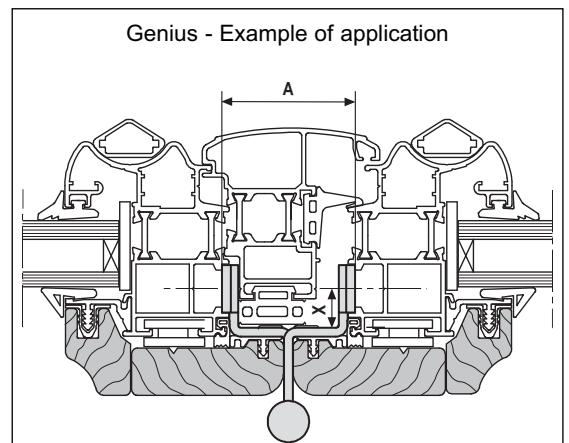

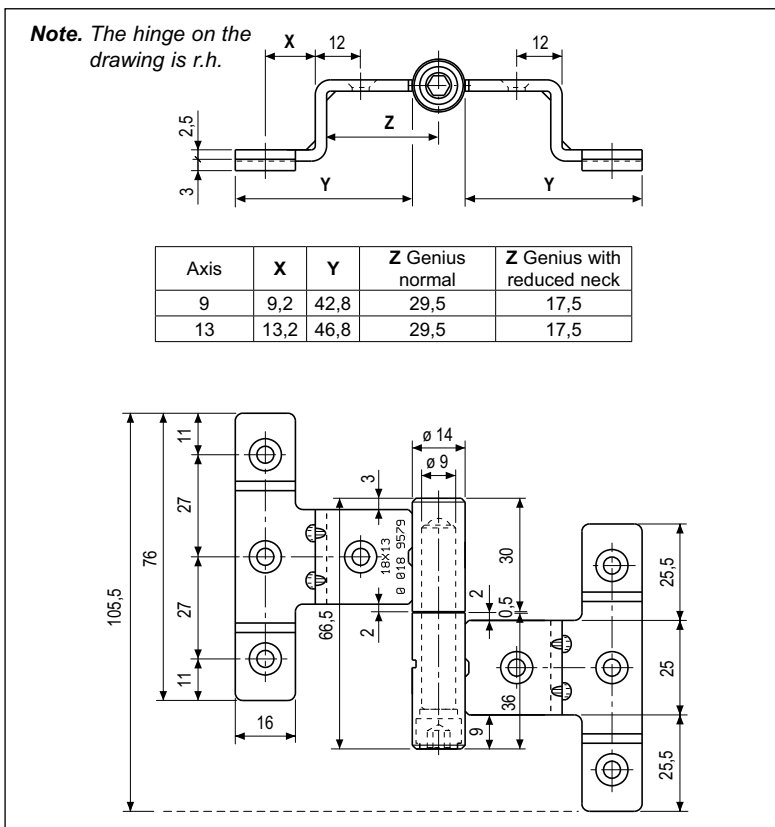

Adjustable hinge made of galvanised steel, 14 mm diameter. Distance between centres is 9 and 13 mm. It is exclusively used for third sash. The standard version is used on PVC and Al/wood and Aluminium system with 18 and 20 mm rebate. Reduced neck version is used in Aluminium (european groove) with 18 and 20 mm rebate. It can be adjusted vertically using a 5 mm Allen wrench.

❶ Vertical adjustment: 5 mm, through the special screw located at the base of the hinge body.

### Available covers

Note. For complete dimensions and codes, see the "Covers" chapter.
